Monetary donations
are always welcome.

Donated supplies can be delivered any day of the week to our center at:

198 Edgar Poole Road, Crawfordville FL 32327.

Wildlife Wish List - Special Needs

Many of the appliances at the center run every day. They are worn out and need to be replaced.
(New or gently used please.)

Chest freezer, around 14.8 cu. ft. (two needed)

- one for goats milk - we use 25 gallons every 10 days during deer season.
- one for bird of prey food - we stock up on sale but it must be kept frozen.

Chest freezer, 25 cu. ft. or larger

- storage for fish - we use 14 x 25 lb. boxes of bait fish every 3 weeks year round.

Refrigerator, 20.6 cu. ft., either side by side or top freezer (two needed)

- one for the baby bird / nursery room.
- one for the animal kitchen (for the outdoor habitats)

Washing machine, heavy duty / industrial

Dryer, heavy duty / industrial model

- we do at least 5 loads of laundry per day year round and up to 10 loads daily during baby season.

Air conditioning / heating unit, to cover 1000 sq ft

- the medical room currently has two small window a/c units which struggle to maintain temperature and offer no heating at all.

Water Heater, 50 gallon or greater

- for the medical room - presently there is no hot water running to this building!

Blender, professional grade (for durability)

- used to make baby bird formula and various mammal formulas during baby season.
- used to make opossum food year round.

Computer (Windows XP or later)

Please remember:

Your donation is tax deductible.

Thank you for your support.
